Summary of Complaint:

Department received a complaint concerning the potential that provider Denise Lawson was sleeping during active childcare hours while the children were napping.

Rule Basis and Findings of Complaints:

110.5(9)a "Gives careful supervision at all times..."

Unannounced spot check conducted on 12/17/14. (Co-Provider Jessica Lawson was not present during the spot check.) Reviewed the complaint with the provider. Denise denies she sleeps while the children are napping and shared examples of quiet activities she says she does in her chair while the children are sleeping. We reviewed policy and practices of good supervision.

Resolution and Action Required:

I was unable to establish a preponderance of evidence to show non-compliance with adequate supervision associated with this complaint. Many other compliance concerns were identified during the spot check visit. Providers Denise and Jessica Lawson will be receiving a corrective action request and will be re-checked in early 2015.
